ADVANCED WOUND-CARE PRODUCTS

● Post Operative Dressings

Different types of Soft conformable dressings for fast and efficient wound healing process. Maximum breathability to reduce skin maceration, unique barrier systems.

● ProFix Non woven wound dressings

- Maximum Post operative care.
- Provide both comfort and protection.
- Safe and secured dressing fixation over the wound.

Available Sizes

6 cm x 10 cm
10 cm x 10 cm
15 cm x 10 cm
20 cm x 10 cm
25 cm x 10 cm
30 cm x 10 cm
35 cm x 10 cm
40 cm x 10 cm

● OpiFix Polyurethane wound dressings

- Combine protection, conformability, and transparency of polyurethane film with the cushioning and absorbency of a non-adherent pad.
- Provide a unique barrier system for an easy application.
- Is a high waterproof dressing.
- Reduce the risk of maceration.

Available Sizes

15 cm x 28 cm
30 cm x 28 cm
45 cm x 28 cm
40 cm x 42 cm
45 cm x 55 cm

● **Drapex**
Polyurethane Incise Drapes

- Offering maximum protection, conformability, and transparency during surgical operations.
- Reduce the risk of infection during operations.
- Transparent, thin Anti-glare film drapes, waterproof and complete bacterial barrier.
- Because of the high vapor permeability of the film Drapex stays closely adhered to the skin throughout the operations.
- Stretches and regains to allow skin retraction without trauma to the skin surface.

● **Dressing Retention**

Well proven Hypoallergenic adhesive tapes offering maximum strength and rigidity.

● **AlphaPlast**
Silk (Acetate) Adhesive Tapes

- Manufactured with new technology (Hot melt) avoiding the organic solvents that are used in the conventional method leading to skin allergic reaction.
- Tearable by hand both lengthways and sideways ensuring ease of application.

Available in 6 Sizes with range:

From: 1.25 cm x 5 m To 10 cm x 5 m

● **AlphaStrips**
Non woven Pre-cut Adhesive Strips

Combine the maximum performance of dressing retention, maximum protection with ease of application

Available Sizes	3 cm x 14 cm
	4 cm x 18 cm

● **AlphaFix**
Non woven Adhesive Rolls

Provide Smoothness, comfort, and size flexibility

Available Sizes	5 cm x 10 m
	7.5 cm x 10 m

● **AlphaPore**
Cotton Adhesive Perforated Rolls

- Made of 100% cotton coated with Hypoallergenic adhesive.
- Provide maximum absorbency, breathability, comfort and flexibility in sizes.

● Hospatek Urine Bags

- Translucent to facilitate checking and calibrating to 2000 ml for ease of measuring.
- Leak proof seal.
- Non Return Valve.
- Drainage port at the bottom.
- Individually packed.
- Can be supplied ETO sterilized.

● Hospatek Alcohol Swabs

- Impregnated swabs with 70% isopropyl alcohol solution.
- Sealed in moisture vapor proof sachets.
- Reduce the risk of infection.
- Convenient and easy to use.

● Hospatek Dry Swabs

General purpose Non Woven dry swabs with wide use as a general absorbent for wound cleansing, skin prepping, instrument cleansing and to provide fast efficient cleansing of wounds.

Available Sizes

- 5 cm x 5 cm
- 7.5 cm x 7.5 cm
- 10 cm x 10 cm

PERSONAL-CARE PRODUCTS

A number of very efficient products for different personal-care applications including Enema Irrigators, Hot/Cold Packs, Pain Relief plasters and Hair Removing strips for ladies (New).

● Hospatek Enema Irrigators

- Ideal for Personal Hygiene.
- Used for Anal and Vaginal Irrigation.
- Comfortable & Practical.
- Welded by the latest welding technology to ensure a leak proof seal.
- Has a tap to regulate the flow of fluid.

● Hospatek Hot / Cold Packs

Re-usable Gel bag for Hot / Cold therapy.

Indications

- Treatment and rehabilitation of muscular, tendon, or ligament injuries.
- Acute and sub-acute injuries, where swelling is present (using cold treatment to create vasoconstriction).
- Chronic conditions such as muscle hypertonicity or rheumatoid arthritis (treatment with heat).

● TherMax Capsicum Plasters

Manufactured with a new stripe coating technology for better skin aeration.

Indications

- Rheumatic Pain.
- Lumbago.
- Sciatica.
- Neuralgia.

● VERA® Hair Removing Strips for ladies

An innovative easy, quick, none sensitizing, non painful, leaves no residue on the skin, and suitable for all skin types.
